

Dr. R. P. Parnerkar Poornawad Award for Excellence in Engineering & Technology

7th Award

14 DECEMBER 2021

Dr. R. P. Parnerkar Poornawad Award for Excellence in Education

Dr. R.P. Parnerkar Ph.D

Shri Laxmikant V Parnerkar
President,

Poornawad Institute of Life Engineering, Sakshep Foundation

Dr. VidyaSagar V. R. Parnerkar Ph.D

Excellence in Engineering & Technology

Dr Hitesh C Doshi
CMD. Waaree Energies LTD

Guest of Honour
Sh. Kanubhai M Desai
Cabinet Minister

Finance, Energy & Petrochemicals Govt. of Gujarat

Excellence in Education

Prof.(Dr.) Shirish R Kulkarni
Hon. Vice Chancellor, S P University

Poornawad Institute of Life Engineering, Sakshep Foundation, Jivan Kala Mandal, Gujarat

Invitation

Dear Sir / Madam,

On behalf of Poornawad Institute of Life Engineering [PILE], Sakshep Foundation and Jeevan Kala Mandal, Gujarat, we are pleased to invite you for 7th **Dr. R. P. Parnerkar Poornawad Award For Excellence in Engineering & Technology**, as well as Education

Dr. Hitesh.C.Doshi Ph.D, CMD Waaree Energies LTD
Awardee for Excellence in Engineering & Technology”,

Dr.Shirish.R.Kulkarni Ph.D. Vice Chancellor S.P.Uni Aanand
Awardee for Excellence in Education

in Holy presence of

Dr. V R Parnerkar Ph.D.

Guest of Honour

Honorable Cabinet Minister Shri Kanubhai M Desai

We sincerely look forward to your presence at our event.

Regards,

Pradnyakant Adv. Laxmikant V Parnerkar

President

Poornawad Institute of Life Engineering, Sakshep Foundaton

Poornacharya Adv. Gunesh V Parnerkar

Patron

Jeevan Kala Mandal, Gujarat

Date:14th December 2021 Time:5.30 pm to 8.30 pm

Note : Technical Seminar(5:30 to 7:00 pm), Program Followed by Networking Dinner

Venue:

Kadva Patidar Conference Hall, Shri Umiya Mataji Sansthan,

Opp: Collector Office, sector 12, Gandhinagar.

Contact: Mr. Shantanu Kulkarni Cell: 9909994067 Mr. Yogesh Joshi Cell 9925208091 - Mr. Santosh Khare Cell 9725036045

Dr. R P Parnerkar Ph.D.

Dr. Ramchandra Pralhad Parnerkar, Ph.D. a great thinker and visionary philosopher had diagnosed the signs of dissatisfaction seen on individual's faces even with advance civilisation and new inventions in this world, way back in 1950's. He passionately believed that unless we make the human, life centric, we can't address concerns of mankind. Therefore, he started discovering ways and means to make ones' life more meaningful, wishful, and free from fear. And thus, he developed Engineering of Life. Even when we got the birth on the earth, may be due to natural course or by God's wish, but finally, how to live it successfully and contentedly is been found out and taught by Dr. R P Parnerkar.

Dr. Ramchandra Pralhad Parnerkar was born on 16th July (Guru Purnima) 1916, at Indore (MP). He was brought up in a strong 'Vedic' upbringing, setting right platform for scientific study of Vedic literature and Indian philosophy. Dr. Parnerkar earned his education at Ujjain and Indore.

During his graduation days, he austerely studied wide range of subjects like; sociology, economics, metaphysics, philosophy, yoga, cosmography, astrology, geology and other sciences.

Religious Sadhana:

Dr. Parnerkar started yogic sadhana with a twofold objective, a) to evolve himself and b) to utilize the owned 'Siddhis' for the benefit of social causes and to further research on 'cosmogony'

He thoroughly studied 'Mantrashastra' a part of 'Atharvaveda', a highly developed science, which deals with acquisition of supernatural powers by practicing rigorous penance.

Dr. Ramchandra Pralhad Parnerkar developed the first scholarly thesis on "Evolution of Universe" and submitted it to the *Berlin University in 1945*. Unfortunately, it got destroyed during the world war-II. But without being got disappointed or distressed, he continued his scholarly pursuits, and he propounded a new thought in Advait philosophy, named as "Poornawad".

In the year 1948, he presented this "Poornawad" philosophy to 'All India Sanskrit and Spiritual University' at Benaras, for which he was conferred with the highest degree of education, Ph.D., for his outstanding and divine work. For the benefit of common man, Dr. Parnerkar further illustrated his philosophy through a series of books rather called Granths (ग्रंथ)

'Tond Olakh' "तोंड ओळख" (Introduction to Poornawad) 'Parichay "परिचय" (Getting familiar with Poornawad) 'Parisarat' "परिसरात" Environment; ' Sampark' "संपर्क" (In contact with) 'Sangharsh' "संघर्ष" (Conflict) 'Abhinav Abhang' "अभिनव अभंग" Dr. Parnerkar was also an eminent poet who has written many poems depicting facets of human life.

"Life is an Art"

"Morality is the essence of humanity"

Poornawad Institute of Life Engineering

Poornawad Institute Of Life Engineering (PILE) is noble and sincere initiative by Dr. Vidyasagar V. R. Parnerkar to create a community of like minded people who are willing to think beyond exchange in money terms and who have courage to impart better life to so

Objectives of PILE:

Dr. Vidyasagar V R Parnerkar founded 'Poornawad Institute of Life Engineering' with the following objectives.

- To create platform to interact with wider section of society regarding development and excellence in Engineering & Technology.
- To share, enrich & nurture higher values of human life Engineering at individual as well as collective level.
- To appreciate, honour & felicitate the special efforts made by individual or an organisation to achieve excellence or have done new development in any field of Engineering, in the form of annual award named as -

“Dr.R.P.Parnerkar Poornawad Award for Excellence in Engineering & Technology”

These award have large background of more than 21 awards in the fields of Economics, Politics, Life sciences, Arts, Ethics, Brilliance, literature, Vedas, Music, Knowledge, Advocacy, and many more, in the memory of this great spiritual philosopher *Dr. Ramchandra Pralhad Parnerkar and the ideology of Poornawad* since last decade.
